Miss Vicki's Junior Kindergarten

Our J.K. class has mastered the alphabet! This week concluded our uppercase letter writing and recognition and the students are beyond proud of their accomplishments as am I! This week we enjoyed letter-related centers (magnet boards, playdough letters, manipulatives), books (Alphabet Mystery, Chica Chica Boom Boom) and games. We have come so far and their enthusiasm for learning is contagious.

" What will we learn next then?", they ask. Numbers! We'll practice writing numbers 1-10, grouping objects accordingly, and have an opportunity to carry home the "Take Home Jar" for a math-related project. Keep up the good work, Junior Kindergarteners!
